6) The resort to a Civil Court for the recovery of municipal claims is tardy and vexatious and in several cases, has proved infructuous also We, therefore, recommend the institutions of prosecutions for their recovery, as has been provided for in the City of Bangalore Municipal Corporation Act, 1949

7) [In the case of claims arising out of nonpayment of assessment on vacant sites by the party, either on account of absence from the local area for a long time or for any other cause, the municipal council should have the power of proceeding against the property in the manner prescribed for the recovery of arrears of land-revenue The right of sale by public auction of the properties in default of payment of municipal tax due may be conceded to the municipal council Wide publicity of such a sale should be given locally and published in the Municipal Gazette also and the excess amount realised by such a sale of the property, if any, may be kept as a deposit The said sale is confirmable by the council three months after the date of sale, withing which period of the party aggrieved pays the arrears of taxes with charges incidental thereto and a solatium of 5% on the bid amount, the sale may be set aside]

8) Arrears due on account of any tax imposed in the form of a rat on lands or buildings are, at present, not recoverable from any occupier who is not the owner, if they are for more than one year, or for a period during which such occupier was not in occupation We are of opinion that the tenant should be made liable to the payment on behalf of the owner of arrears due for the previous three years from out of the rent due to his land lord, whether he was in occupation of the premises for that period or not Without such a provision, the municipal councils would find it difficult to collect the taxes resulting in heavy accumulations, especially when the owner resides in an outside place

Recovery of Sites in Secunderabad for non-payment of Taxes

12) It is suggested that provision be made in the municipal Acts empowering the municipal councils to sell the sites in public auction in cases where arrears of taxes have accrued

13) There appears to be no provision in the municipalities Act at present enabling the municipal councils to sell by auction vacant sites in respect of whom heavy taxes have accrued There is provision only for distraint and sale of movable property

14) It is stated, however, that the Committee appointed to go into the question of working of municipalities in the State has opined that the right of sale by public auction of the properties in default of payment of municipal tax due may be conceded to the municipal Council, that wide publicity of such a sale should be given locally and published in the Municipal Gazette also and the excess amount realised by such a sale of the property if any, may be kept as a deposit, the said sale is confirmable by the Council three months after the date of sale within which period if the party aggrieved pays the arrears of taxes with charges incidental thereto and a solatium of 5% on the bid amount the sale may be set aside

15) It is not clear whether these views of the Committee have been approved by Government These provisions confer an extraordinary and drastic power on Municipalities in the matter of recovery of their dues Whether to give such powers is, however, a matter for decision on the administrative side If the Government approve of the proposal, the Act has to be suitably amended

Resuming the Vacant Sites in Srirangapatna Municipality

From para 11 of the 'In the State' wide page 11 of the report – para 2 under the heading "Recovery of municipal claims" the said para is extracted below for ready reference – purpose of

"In the case of claims arising out of non-payment of assessment on vacant sites by the party, either on account of absence or for any other cause, the Municipal Council should have the power of proceeding against the property in the manner prescribed for the recovery of arrears of land revenue The right of sale by public auction of the properties in default of payment of Municipal tax due may be conceded to the Municipal Council Wide publicity of such a sale should be given locally and published in the Municipal Gazette also and the excess amount realised by such sale of the property, if any, may be kept as a deposit The said sale is confirmable by the Council three months after the date of sale, within which period if the party aggrieved pays the arrears of taxes with charges incidental thereto and solatium of 5 percent on the bid amount, the sale may be set aside

"7 The point referred to above involves a question of civil rights At present the M[illegible] to which any arrears of tax are due in respect of vacant sites within their jurisdiction have to resort to the civil Courts for recovering their claims The Court charges will have to be paid out of the funds in the first instance and at the auctions held by the Courts; the M[illegible] themselves will

1 15
patently
cases to bid and retain the seats for
themselves This is a tardy process & involves
delay & expense

& At the same time, the M[L]Cs Cannot
by a summary process resume the vacant
seats for arrears of dues due to them, merely
because the owner thereof is absent or his
whereabouts are not known. In the course
of the ~~last~~ discussion of the committee stage
State, several M[L]Cs stressed the urgent
need for empowering them ~~to~~ legally in
this behalf Hence the ~~above~~ recommendations
as at A above were made

9 If action is taken accordingly, it would
give validity to the action of the MLAs
concerned in this behalf The Town Municipalities Act
1937 will have to be suitably amended
so as to empower the Town Municipalities to resume
the seats, after observing the formalities prescribed
therein. The amendment would also help the
local body concerned to recover its arrears
of taxes. This is a very desirable & necessary
measure.

10 The Govt might be consulted as to
whether action might be taken as at A in the above para.

20) I think 21 Bom LR 251 was with reference to a purchase by or on behalf of Govt in a Revenue suit held by the Dy Comr for recovery dues to Govt. It does not apply to the case of a purchase by another person such as the M'C' when sale is held for recovery of dues to the M'C'. In such a case, the sale officer is a distinct entity like the Court & the purchase resembles that of one by decree holder with permn of the Court —

Please re-examine this point in the light of above & say if 'A' can remain in the draft

21) The municipality may have a right to offer bids at the auction sale But it may not be desirable for the Govt to make a suggestion as at A' in draft If the municipality wishes to bid at the sale, it may do so under sec 180-A of the Land Revenue Code, without any such express suggestion as at A

Law Secy) MS 30/8

22) I do not see the need for the

entire 2nd para in the draft —

It is merely a consequence of the recovery of taxes as an arrear of land revenue under sec 100 of the T N A Act, 1951 and the Dy Comr as well as the Tahsildar may be expected to pursue it — The last sentence in para 2 as may not strictly be correct, under certain circs, as for instance, if the land has been alienated by mortgage or otherwise & the alienee is not made a party to the revenue sale proceedings, he may have the right to pay up the arrears & recover possn even after the Revenue sale —

I would therefore suggest para 2 being omitted & the rest of the draft approved — subject to such modifications as may be found necessary to bring it in conformity with the provisions of the Act itself as best as the Revenue sale proceedings enabling the property, the first two sentences in this para may remain & the portion beginning with "and" may be omitted —

24) I consider it necessary to make it clear that the employees of the Municipal Council cannot proceed under Sec 100 to recover the dues as an arrear of land revenue & hence I am for retaining the first sentence of para 2 & adding that the proceedings will be under chapter XI of the LRC

5) From a study of the report it is seen that there is no specific recommendation in favour of the 'purchase' of Jodi and Inamthi rights in the strict sense of the term Even after the proposed abolition of Inam and Jodi tenures, a definite procedure has been laid down for determining the occupancy rights in every case provision being made for conferring such rights to the Inamdar in certain circumstances and to the Kadim or tenants or tenant-at will in certain other cases Hence it is not possible to say with any definiteness what extents of land in each case will or can be resumed to Govt, even if the proposed abolition of Inams is sanctioned by Govt Nor is it possible to examine the feasibility of permitting the Municipal Councils to take over such lands on payment of a nominal cost value as proposed in the above resolution The abolition of the Inams itself is a very complicated process and such questions have to be examined by all only after the proposal is fully implemented and it does not appear desirable to complicate matters at this stage

In this connection the Committee have recommended two matters -

(1) In the event of Government purchasing jodi and inamthi rights the Municipal Council may be permitted to purchase such rights if any such lands or villages lie within the municipal limits or in the vicinity of Municipal area

(2) All Government waste lands should vest with the Municipal Council on payment of mere nominal value if necessary

As regards the first recommendation - the recommendation is rather too wide in scope inasmuch as ~~to~~ extend, not only to lands within the municipal limits but also in the vicinity of the municipal area This makes it rather vague as vicinity is not defined and how far around the municipal area is contemplated is not specified Further, there may be very few occasions when Government purchase jodi and inamthi rights I think each question will have to be decided on the merits of that particular case when the matter is recommended to Government Apart from this I believe no general orders of Government could be issued on this particular recommendation

Regarding the second recommendation it is not clear as to the Government waste land, contemplated It is not stated that it refers to all Government lands within the municipal limits as probably might have been contemplated Even then it does not seem to be expedient to issue a general order vesting of such Government waste lands with the Municipal Council In the first instance a survey and a list of all such lands in each town has to be made and has to be examined in detail and then only orders could be passed vesting them with the Municipal Council if the particular lands are not required by Government for any public purpose such as buildings, schools, play grounds and other public ~~buildings~~ purposes

Sir,

Subject Resuming the sites to Srirangapattana Town Municipality

*****

In enclosing herein the letter No HC 4/50-51 dated 29-5-50 together with its enclosures received from the President, Town Municipal Council, Srirangapattana, on the above subject, I have the honour to state that the Municipal Council, Srirangapattana have, at their meeting held on 18-1-50, resolved that the enclosed statement of vacant sites, the whereabouts of the owners of which are not known may be published in the Mysore Gazette, with a notification to the effect that, if the owners of these sites fail to pay the arrears of taxes due on their sites and establish their claims, within 6 months from the date of the publication of this notice, the same would be resumed to the Municipality The President of the Municipal Council has sought for orders on the resolution of the Municipal Council This procedure was suggested at the time of the annual inspection of the Municipal Offices, to the Presidents of the Municipalities, where several sites remain unclaimed for many years and arrears accrue year after year A major portion of the heavy arrears of Municipal taxes in Srirangapattana Town Municipality relates to unclaimed sites

These are cases in which the owners of the sites are not present or are not known It appears therefore necessary that some provision similar to that in the land Revenue Code for the resumption of the sites and disposal of the same in public auction has to be made in the Municipal Act so that the Municipal taxes on such vacant sites may not fall into heavy arrears

p t o

I request you kindly to obtain orders of Government on the resolution of the Municipal Council. On receipt of specific orders, the Municipal Councils will be requested to frame necessary Bye-laws

Yours Faithfully,

H P Ramachaiya

Copy of letter No A5 237-C-2444/49-50 dated 9-6-50 from the Deputy Commissioner,Mandya District,Mandya, to the Secretary to Government, Local Self Government Department, Bangalore

Re:Resuming the sites to Srirangapattana Town Municipality

In enclosing herein the letter No HC 4/50-51 dated 29-5-50 together with its enclosures received from the President, Town Municipal Council, Srirangapattana on the above subject, I have the honour to state that the Municipal Council, Srirangapattana have at their meeting held on 18-1-50 resolved that the enclosed statement of vacant sites, the whereabouts of the owners of which are not known, may be published in the Mysore Gazette, with a Notification to the effect that, if the owners of these sites fail to pay the arrears of taxes due on their sites and establish their claimes within 6 months from the date of the publication of this notice, the same would be resumed to the Municipality The President of the Municipal Council has sought for orders on the resolution of the Municipal Council This procedure was suggested at the time of the annual Inspectionx of the Municipal Offices, to the Presidents of the Municipalities, where several sites remain unclaimed for many years and acrued year after year A major portion of the heavy arrears of Municipal taxes in Srirangapattana Municipality relates to unclaimed sites

These are cases in which the owners of the sites are not present or are not known It appears therefore necessary that some provision similar to that in the Land Revenue Code for the resumption of the sites and disposal of the same in publicx auction has to be made in the Municipal Act so that the Municipal x taxes on such vacant sites may not fall into heavy arrears

I request you kindly to obtain orders of Government on the resolution of the Municipal Council

On receipt of specific orders of Government, the Municipal Councils will be requested to frame necessary bye-laws
